

My name is Mrs Becca McVean. I am a Forest School Leader and will run sessions with children in Ash, Oak and Beech class. With a teaching background in schools, museums and forest schools, I enjoy working with children and developing their relationship with the natural world. I have lived locally for 20 years whilst raising my 3 sons and am keen to work with the local community. In my spare time I enjoy swimming, hiking, baking, camping and doing battle with the allotment.
